Timing

The earlier a concern is expressed, the easier it is to take action.

Evidence

Although the employee is not expected to prove the truth of an allegation, the employee needs to demonstrate to the person contacted that there are sufficient grounds for concern.

VI. HOW THE COMPLAINT WILL BE HANDLED

The action taken will depend on the nature of the concern. The Audit Committee of Peyto will receive a report on each complaint and a follow-up report on actions taken.

Initial Inquiries

Initial inquiries will be made to determine whether an investigation is appropriate, and the form that it should take. Some concerns may be resolved by agreed action without the need for investigation.

Report to Complainant

Whether reported to Peyto personnel or to the Audit Committee, the complainant will be given the opportunity to receive follow-up on their concern within 15 working days:

- Acknowledging that the concern was received;
- Indicating how the matter will be dealt with;
- Giving an estimate of the time that it will take for a final response;
- Telling them whether initial inquiries have been made;
- Telling them whether further investigations will follow, and if not, why not.

Further Information

The amount of contact between the complainant and the body investigating the concern will depend on the nature of the issue and the clarity of information provided. Further information may be sought from the complainant.

Information

Subject to legal constraints the complainant will receive information about the outcome of any investigations.
